FOR IMMEDIATE RELEASE

QuickBT Processing Inc. completes transition to Bitstamp

Toronto, Canada, August 19th, 2013 - After much consideration, QuickBT has successfully transitioned to the Bitstamp exchange.

This is due to a number of customer issues with the Mt Gox exchange including:

1. Higher price due to outside liquidity issues
2. Inconsistent API reliability
3. Introduction of delayed Bitcoin withdrawals

We look forward to providing the best service and value for our customers under this new arrangement with Bitstamp.

Regards,

QuickBT Team
